Dear Dawn,

②

But Dawn, I didn't know anything about a Depo
Man, Man, come on buddy! Forgive me
Please!

your out ③

Boy oh Boy!!! , Boy am I'm pissed, I'll get that depo, Rebo
Jerk Mark my word!

I've got a question Lee,!! "how on Earth, if that's where you are, did you
turn from a cat, to a cave man, to a kid. Man, your a remarkable
lady. just poof, poof, poof A!?" me! OO —

It's a cartoon Dawn, just a cartoon! By the way. I am Very
Sorry you've been bagged, . Don't worry. We'll sock it back
to em, with a 90 mile hour line drive. They can't win. And there
gonna be payin up - real soon! hee hee I can't wait.

Everyone's gonna know sooner or later that Jackie's 'so phoney, she probably claims cavities in her dentures. ha ha ☹️ Poor Girl in a battle of wits, she's completely unarmed! hee hee, chuckle, chuckle, I'm sure she says to herself - When she gets an idea, no doubt it's in Solitary Confinement. Well I say - shit when she gets a bright idea, it's beginners Luck ☹️ She claimed in the rags to be a "Baseball girl", because she got thrown out of home, but never turned out like me, why? Simple Jackie! Because you've got a personality like the back wall of a hand ball court, who the hell would want to even associate with you. Even if you were a young pussy. She's been raised from obscurity, and now is headed for oblivion. Years ago she was an unknown failure, now she's a known failure. She's giving Failure a bad name Boy! ☹️ And if she doesn't count her cards out, once I hand them out, soon she'll be as financially flat as a rubber door mat. Then only way later she'll be able to make a name for herself in the near future will be as a forger. ha ha ha ha ha! ☹️ Eat shit and die, Jackie.

And after the interview Steve had the audacity to say. They'll probably now hand me 150,000 to drop the suit. I said tough! no-way. I want my copy rights back. He said well I'll talk to her lawyer and see if they'd be interested in giving your rights back, and have you just authorize them to use your name for their movie. Then you'll still get paid, and also reestablish your rights. I said to check. But I am not into bribery. I'd prefer my total rights, regardless back, if we need to continue in the suit. Because the damn contract is Bogus anyway. You've should of seen me at the first 45 minutes of the interview. Lord was I pissed. I kept saying. Steve I want you to counter sue them. There asking to many questions that pertain to my trial. And on this infringement it is jeopardizing my trials. Then at one point I stormed outta my chair, because he started again into

the cases. And I said to Steve... Steve! You better straighten out the Mother fuckin shit about questioning me with questions that pertain to my trial Dam it. God! was I mad, then I sat back down, steamin mad. Coonin Boy was I. Again saying Counter suit shit. ha ha ha ha ha. I must of made one heck of a scene. But Lord I couldn't help it. With all the crooked crap going on. My emotions sometimes cannot be contained nor restrained anymore. I really feel for Arlene. Man, I really laid it into her. Hurting having to cause I thought for damn — Sure — she was in. But she isn't. At all. fuckin attorney reassured me twice. And was filling us in to who was in, and in on overkill. So it was a big relief. That was nice of him, as much of a spectacle I made of myself. And cutting him down a few times.

How'd it go with you? I have to appear in Dixon around the 26th this month. UK! I told Steve to please make sure they transport me like priority mail. 24 hour service there and back. He reassured me they wouldn't want me, any longer than just to appear. They ought not pull any bull. Steve told me, that they told him, they'd have to lay off state workers in order to get the 100,000 or more to try me. If I took them through the trial. So they should be very very gratefull indeed. Pasco I don't have to appear on the waiver. Because I already did that. So Steve will just present papers. Then they'll set up a date for Penalty Phase trial to begin, of which I've already told you. I really can't handle emotionally through so would prefer to remain here. Once its over, then another date for sentencing will be made. When it comes up. I'll be plane side over of which only takes 1 1/2 hours there, walk in be sentenced, then back to the plane, fly back, and all done in a matter of hours, of which I'm normally in the court room for 5 to 20 minutes tops. depends

If I have any proclamations I'd like to proclaim. I more then likely will say a few things. But not much. This time. As its gets aired and not chopped out my words on the news. ha ha! I'll think of some-thing superb to say, thats a royal cut down thats all truth.

Say you never did tell me what drawing Arlene Xeroxed and sent ya! I'm curious. Which ones. I hope good ones, the best of the 30. By the way there are 30 in all. Not 26. or 24 you thought there were.

Did you get the 5 newspapers and the single news page, or only 4 as you told me in a letter in all. If so 4. That is not what I sent out. Theres 5 with 1 single news page. I'll be so fuckin mad if Steves noised around inside the manilla envelopes and upped one off. I'll be going!... Steve!..... Your pissin me off Big time Bacl-Man!

Don't mess with me Boy!
Nuthin Down Buster!!

He keeps dreaming about when his ships gonna come in, If he doesnt watch it his Salaries gonna get docked.

He never made whos who, but he's sure to ke in whos through if he doesnt watch out.

Sending him to do a womens job is like sending a tadpole to tackle a whale.

By the way one good thing he did do, was make up my will. I've left \$150,000 to ya! mic mic. Now dont contract me out. ha ha ha ha!

Shats ok Solomon had 80 body guards. Shit theres around 275 here. ha-ha! We'll got to go. Take good care of yourself. Heres out for Jackie before I close. If ^{she} spoons around with me, ^{she'll} have to fork over. ha ha ha! See ya now. Later the Gator, Lee
